APPLICANT COMMUNITY

Our applicant community brings together organisations from across central Europe. It facilitates project partner search and presents already existing ideas. If you have an idea or simply want to join others to work together on their idea, this is the best place to start your cooperation.

TUTORIALS AND WEBINARS

If you quickly want to get familiar with what we fund thematically, have a look at our tutorials. Before spending time reading all our documents, these short videos will introduce you to the basics of our funding priorities and specific objectives that new projects are expected to address.

[Watch tutorials](#)

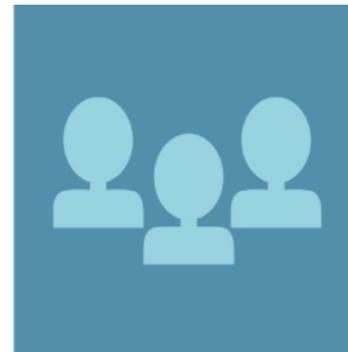

FAQS AND HELPDESK

In our regularly updated [Frequently Asked Questions](#) you will find answers to common questions that we receive regarding our funding. If you cannot find an answer there, do not hesitate to contact our permanent helpdesk. We are there to help you and to support you along the way.

[Contact us](#)

NATIONAL SUPPORT

You can also reach out to our [national contact points \(NCP\)](#) in all programme countries. They will offer support regarding the call, and provide you with information in national languages on primarily national application issues. Look out for their upcoming information days!

Focus on individual consultations

How to prepare

- Make sure your proposal is in an advanced stage of development
- Post your idea in the Applicant Community
- Be ready to present your idea and prepare questions that will help you to finalise your application

- Do not send any document to the JS in advance! The consultation will be exclusively based on the project idea and information given orally in the meeting.

What to expect

- The consultation will provide advice on the relevance of your project idea and offer guidance on work plan and budget creation
- You can clarify your doubts and ask for information you did not find in our documents

- The consultation is not a pre-assessment of your proposal

We will soon launch a new call for transnational project proposals. This call will be directed at public and private organisations that want to work together beyond borders. Our funding will support them to work together on solutions for common challenges of central European regions and cities that know no borders.
